Adept Technology Adds New Distributor

Applied Controls Will Market and Support Adept Robots in U.S. Mid-Atlantic Region

Pleasanton, Calif., May 27, 2015 – Adept Technology, Inc. (Nasdaq:ADEP), a leading provider of intelligent robots, autonomous mobile solutions and services, has added a new distributor, Applied Controls, Inc. A full-service automation provider, Applied Controls will market and support Adept’s portfolio of industrial robots and autonomous mobile robots in the United States’ mid-Atlantic region.

“We welcome Applied Controls as our newest distributor in the U.S.,” said Rob Cain, president and CEO of Adept. “Applied Controls are robot experts responsible for sales in the mid-Atlantic region. With their staff of knowledgeable product specialists, engineers and a well-equipped robot demonstration facility, we are confident Applied Controls will be a successful partner for Adept’s U.S. business.”

Based in Malvern, Pennsylvania, Applied Controls is a distributor that provides factory automation products to customers in eastern and central Pennsylvania, southern New Jersey, Maryland and Delaware. To best support customers, the company has made significant investment in demonstration products and expansive test labs, which are fully outfitted with working equipment for hands-on training and proof of concept evaluation.

Applied Controls President Richard Gehring said, “Adept Technology is known for providing the highest quality robotics, powerful controls, advanced software, and for solving tough automation challenges with innovative solutions. We are excited to partner with a company of this caliber.”
